

Fractured

Words by Nicola Bleu

VERSE 1

Pushed out the madness
Consumed by a defected personality,
Ties knots in my throat
Scrambling for the lifeline of my sanity.
My minds now left me
Hitched a ride to a town I thought I'd
forgotten,
Waters now rising
These eyes are all on me wondering where
I've been.

PRE

(Eyes sealed shut
I'm going in blind x2
I'm going in) x2

CHORUS

One last drop
One last taste
And I promise I'll call it quits.
High on top
Act in haste
For what I once thought was bliss.
And I'll hang up my gloves
For my one true love.
Surging through me
For your eyes to see.
I'm becoming fractured
And I won't stop

And I can't stop
But I should stop.

VERSE 2

Abandoned beauty
A stack of photos containing a lie of her,
Your heart starts a fire
Burning edges 'til the image becomes a blur.

Memories a desert and there's only one road
Where do I begin? x2
Cracks on the surface but I can't read the
code.
It's her within. x2

PRE

CHORUS

MIDDLE

(I remember who she was
But it wasn't really her) x4

PRE

(Eyes sealed shut
I'm going in blind x2
I'm going in) x2

CHORUS

Notes

- Custom syllable structure
- Shortened 2nd verse and bridge for an extended chorus
